

Muni Raj V

I am a Web Developer with 2 years of hands on experience, specializing in **React and NodeJS**. I have extensive experience in **HTML5, CSS3, JavaScript, Bootstrap, TypeScript and MongoDB**. I am skilled in the using these frameworks to develop web applications based on Single Page Application (SPA) and Model-View-Controller (MVC) architecture.

Technical Skills

Languages/ Libraries:

JavaScript | React |

HTML | CSS |

Frameworks :

NextJS | NodeJS | Express
Bootstrap | NPM Package |

Development Tools:

Visual Studio Code | GitHub |
Confluence | GitKraken | Postman
| Styled Components

DB Language:

SQL | NoSQL (MongoDB)

Achievements

Secured first position in paper presentation event held at University level

Worked as a co-ordinator in NSS club

Work Experience

Wipro Technologies | Chennai (Tamil Nadu) | India

Project Engineer | January 2022 – Present

- Developed and maintained web applications using React 18 and other front-end technologies
- Implemented dynamic and responsive user interfaces using React components, hooks.
- Developed code using state management tools such as Redux
- Worked closely with back-end developers to integrate REST APIs and ensure data consistency.
- Applied best practices such as code reusability, performance optimization, and documentation
- Improved the loading speed of the web application by 30% by implementing lazy loading and code splitting techniques
- Used frameworks for front end development such NextJS and Bootstrap
- Implemented responsive and user-friendly UI components using HTML, CSS, and Bootstrap on personnel projects
- Utilized Linux CLI, Git, and VS Code for code development and version control
- Learned and applied best practices of web development such as code quality, performance, and security

Education

B. Tech, Siddarth Institute of Engineering and Technology

2017 – 2021

Intermediate, Vikram Junior College

2015 – 2017

S.S.C, Vidya Jyothi Public School

2014 – 2015
